

# "HAPPY HAPPY COW" PAPER BAG PUPPETS

## YOU WILL NEED:

Small brown paper bags  
Scissors  
Glue or glue sticks  
Cardstock or heavy paper

1. Print the patterns in color on cardstock or heavy paper.
2. Carefully cut out all the separate pieces.
3. Glue the cow's "body" on the paper bag so that it is nestled under the flap (all the way up to the fold).
4. Glue the cow's "head" on the front of the flap, lining it up on the bottom edge of the flap so the mouth looks right.
5. Glue on the eyes, ears, horns, and flower.
